MIS Report for Truck wise, Product Wise & Shift wise. Downloadable documents as . pdf and .xls.

LCS CONTROLS – B4S-TL SERIES TRUCK LOADING CHECKWEIGHER APPLICATION DETAILS:

- ✓ This is a very successful model for loading material to the Truck / Wagon.
- ✓ After selecting the first SKU, User enters the Truck number and Target count.
- ✓ System automatically stops the check weigher on reaching the target count of the first SKU.
- ✓ Then the user selects the furthers SKUs and Target as required.
- ✓ Then the System generates the Truck loading report with individual SKU count and Nett weight.
- ✓ This eliminates errors during loading and the need to go weighbridge is also eliminated.
- ✓ These data's are transmitted via Ethernet or Wi-Fi to the Warehouse office Computer.
- ✓ There is an option of Printing Truck number, Start time, End time with individual SKU, Count and Cumulative Weight
